

ZEON 100 Multipurpose Home Ozonizer

Do you know that:

- Fruits & vegetables are grown with excessive pesticides and chemical fertilizers ?
- Insecticides sprayed are absorbed and equally harmful ?
- Chemicals are injected/fed to increase growth of fish, chicken, goats etc ?
- Water supply can contain poisonous heavy metals ?

AND WE ARE EATING AND DRINKING SUCH CONTAMINATED PRODUCE WHICH COULD HAVE DISASTROUS CONSEQUENCES !!!

Aren't you scared??... RELAX. ZEON, a specialty household appliance is here to provide you with peace of mind and healthy living !!!

ZEON generates ozone, which is enriched oxygen and nature's own powerful health control mechanism. Ozone has tremendous oxidizing and germicidal properties, which kills micro organisms, deodorizes organic & inorganic odour, has high redox potentials and leaves no chemical residue.

Team Waterhous proudly presents **ZEON** the multi tasking opportunity to...

- ★ Wash & remove antibiotics, pesticides, insectides, germs & bacteria and convert to organic food.
- ★ Deodorize your kitchen, toilets, refrigerator etc.
- ★ Sterilize utensils, baby wear, linen, clothing and sanitize rooms.
- ★ Remove bad breath, mouth ulcers etc.
- ★ Remove pimples, treat dandruff and use for pedicure & beauty care.
- ★ Sanitize and improve quality of your drinking water for a rejuvenating drink.
- ★ Flush your system with ozonated water to keep fit & healthy.
